and signing of Hal Chase by the Cinter of two clubs for the championship of the climati Reds has saved the noted first baseman from permanent obscurity. Chase has been worrying ever since he found that his services were not in general demand. Doubtless he has learned a lesson and now is ready to attend the content of the championship of the city and county.

On April 9 the Cardinals play the St. Dominics, of Washington, and expect a hard game.

The schedule is as follows: April a game of the championship of the city and county.

Baker bids fair to kill the idea so pro-valent in sporting circles that an athlete who retires from the game for a season or more cannot "come back." In the games played to date the home-run king has satisfied the critics that he can play ball as well as he ever played. In both batting and fielding he has done well enough to prove to his admirers that he will be as good as ever. Baker has played ten games since Bill Donovan al-layed ten games since Bill Donovan alplayed ten games since Bill Donovan al owed him to begin third basing Macon, and in the ten games he has not yet carried his bat back to the bench after a strikeout. Three of these games were against major league clubs, four against Southern Deaguers and two against the Yankse Yannigans, where he had to face major league pitching. Every other member of Bill Donovan's

and Gallaudet, S to 4, winning from Chorgetown Preps by 3 to 7.

Taking everything into consideration it looks as if all the games of the series will be hard fought and interesting.

Central, last year's champions, will again be strong contenders for the title this year, having a well-balanced team in every position except third, which is left open to be filled by a new man.
